

Pilot Careers Resources

for members of

The Ninety-Nines International Organization of Women Pilots

→ SCHOLARSHIPS for Women Pilots

A flight training scholarship can get your pilot career off the ground, and The 99s has scholarships for members at all stages of flying. Hundreds of our scholarship winners are now flying for the world's major airlines, Fortune 500 companies, government aviation agencies, or own flight schools or aviation businesses.

Founded in 1941, *The 99s Amelia Earhart Memorial Scholarship Fund* has now surpassed a million dollars, so we can offer members *Career Scholarships* that cover the entire cost of completing advanced flight training or coursework, such as for a jet type rating, multi-engine rating, or college degree, and *Future Woman Pilot Awards* towards the completion of the private pilot certificate. A wide variety of *Chapter Scholarships* are also available.

→ NETWORKING with Professional Pilots

The 99s sponsors the first and only international networking forum for professional women pilots, the *Pro 99s Network*, founded in 2002. In real-time email messages, current and aspiring professional women pilots discuss all issues pertaining to pilot careers, including finding jobs and scholarships, preparing for job interviews, coping with training problems, handling gender issues, and balancing work and family. Our network includes hundreds of women in a dozen countries flying in airline, bush, charter, corporate, entrepreneurial, flight instruction, government, helicopter, and military careers.

→ COMMUNITY of Women Pilots

Pro 99s Profiles in *The 99 News* magazine and *Pro 99s Take Flight!* on our website highlight our members' professional pilot career achievements, motivating and inspiring you to follow their flight paths. Meet these members and other new women pilot friends, peers, role models, and potential mentors at local and regional aviation events, Chapter and Section meetings, and at our International Conference.

Pilot Careers Resources

for members of

The Ninety-Nines International Organization of Women Pilots

➔ **MENTORING Tomorrow's Pilot Leaders**

Mentoring may be important for every professional, but it is critical for women to succeed in nontraditional professional pilot careers. The 99s has potential mentors for you in every conceivable pilot career, from scenic balloon tour operator to space shuttle pilot.

The 99s Professional Pilot Leadership Initiative is designed to meet this need in a formal mentoring and leadership development program. The PPLI aims to provide highly motivated 99s members pursuing professional pilot careers with the tools necessary to advance their careers and develop their leadership abilities, through guided activities and formal mentoring partnerships with women pilot professionals.

➔ **FLIGHT TRAINING FORUM**

Learning to fly? Working on a new rating? The 99s hosts the first and only **Flight Training Forum** exclusively by and for women pilots. In real-time email messages, you can ask questions and discuss your flight training concerns with flight students, experienced pilots, flight instructors, flight school owners, and FAA/JAA designated examiners – all 99s members.

➔ **JOBS! JOBS! JOBS!**

Current pilot job listings in all areas of aviation, from time-building flight instructor to executive jet corporate pilot, is in the **99s Pilot Jobs Clearinghouse** and major and regional airlines that are hiring pilots or accepting resumes for future hiring are found in our **Airline Hiring Links**.

➔ **PILOT CAREERS RESOURCE CENTER**

Articles, links, ideas – we got 'em! Whether you plan a pilot career in the airline, corporate, entrepreneurial, government, or military sector of the aviation-aerospace industry, we have the information you need online in the **99s Pilot Careers Resource Center**.
